2005 Annual Report

**The Alabama Department of Revenue
is an Affirmative Action/Equal Opportunity Employer.**

Equal Employment Opportunity Policy

It is the policy of the Department of Revenue not to discriminate against any employee or applicant because of race, color, religion, age, sex, national origin, or disability. The Department of Revenue is committed to recruiting, hiring, training, and promoting qualified individuals without regard to the above-mentioned protected statuses.

Division Directors shall ensure that all other personnel actions such as compensation, benefits, department-sponsored training, transfer, demotion, termination, leave without pay, return from leave without pay, and social recreation programs shall be administered without regard to race, color, religion, age, sex, national origin or disability.

Division Directors shall base employment decisions on the principles of equal employment opportunity and with the intent to further the Revenue Department's affirmative action program goals.

Division Directors shall take affirmative action to ensure that minority group individuals, females, and qualified disabled persons are hired and that these employees are encouraged to aspire for promotions and are considered as promotional opportunities arise.

The Alabama Department of Revenue (ADOR) serves as the state's primary tax-collecting agency, collecting \$7.6 billion of Alabama's total state tax revenues. In addition to its tax administration and collection functions, the department is also responsible for motor vehicle registration and statewide property appraisal.

All taxes collected by the ADOR are earmarked for specific state and local funds. The state's largest revenue-producers are the individual income tax and the state sales tax, generating over \$4.7 billion of the department's total \$7.6 billion collections.

At the close of the 2005 fiscal year, the department employed 1,248 full-time employees and operated under a \$103.86 million budget. Actual expenditures for the ADOR during the 2005 fiscal year totaled \$103,832,169.

Collection Summary

Collected over \$7.6 billion in state taxes during FY 2005, with over \$5.3 billion collected through electronic means.

Collected over \$213 million in local sales, use, lodgings, rental, tobacco, minerals, and fuel taxes.

Surpassed FY 2004's record \$55 million collections in delinquent trust fund taxes and final tax assessments. Set a new delinquent tax collection record of \$70.4 million during FY 2005.

Collections through Alabama's Voluntary Disclosure Program totaled

\$1,262,572.14 for fiscal 2005. (Collections result from voluntary disclosure agreements—a taxpayer comes forward in a voluntary, anonymous fashion and seeks to report past liabilities for a limited look back period—usually three years—and have penalties waived.)

Agency Administration

ADOR Launches Joint Audit Program

Pettus Strong, Sales Tax Administration Manager, conducts the orientation during the intensive training session.

Over the last year, the department broadened its audit program by cross-training sales and income tax auditors, aiming to combine two separate audit visits—income tax and sales tax—into one visit.

In addition to the obvious benefit of causing fewer disruptions to a business owner's daily operations, the cross-training program broadens the knowledge base of ADOR examiners so

that a single examiner can call upon a taxpayer and complete both a sales tax and income tax audit of the quality expected by the respective tax divisions.

ADOR Wins National Award

ADOR representatives, left to right, Wanda Robbins, Joe Cowen, and Donna Joyner are shown with Darrell Faulcon of Alabama Interactive, following the acceptance of the 2005 Pioneer Award on June 2 in Washington, D.C.

The Alabama Department of Revenue was named one of 13 national Pioneer Award recipients by the E-Government Institute's Government Solutions Center in April 2005 for its online local reporting service available to cities and counties utilizing the department's local tax collection services.

ADOR representatives accepted the award during the 7th Annual Government Solutions Center banquet in Washington, D.C., on June 2.

The E-Government Institute, which serves as an educational resource for online providers, selected the ADOR's online service from a field of more than 200 nominations across the country. Alabama was the only state to receive the award for an eGovernment service award.

"We are honored that E-Government Institute has recognized our local government tax reporting program," said State Revenue Commissioner Tom Surtees. "Our goal is to maintain customer satisfaction, while establishing convenient and cost-effective services. This recognition, along with the positive feedback from our local government partners, rein-

forces our goals and efforts.”

The service allows the Alabama Department of Revenue (ADOR) to provide local governments with online access to local tax collection reports, local tax deposit information and a variety of other information, including charts and graphs that could be used for analytical purposes—all of which previously had been available only in paper formats.

The online reporting system provides local governments with immediate access to local sales tax deposit information, allowing local governments to prepare and distribute monthly financial reports to city and county administrators more timely. The system also provides local governments with the capability to perform various tax analyses, ranging from budgetary items to economic development issues.

ADOR’s online local reporting service was developed through a partnership with Alabama Interactive, the Montgomery-based subsidiary of eGovernment firm NIC (Nasdaq:EGOV) that manages the state’s official Web portal at www.alabama.gov.

New Computer System Aims for Improved Service and Compliance

State Revenue Commissioner Tom Surtees announced last July that the Alabama Department of Revenue had contracted with Fast Enterprises for installation of a new integrated tax computer system that will replace the department’s automated system within the next five years. The department’s current system has been in place since 1987.

During 2005, Fast Enterprises began installing and adapting its software

product, GenTax, to meet the specific accounting, billing, and taxpayer compliance needs of the department. ADOR’s new system will be called the Revenue Integrated Tax System or RITS.

The first phase, scheduled to become operational July 2006, will involve the sales and use tax area. Implementation schedules will then focus on several miscellaneous business taxes, corporate taxes, and individual income tax. Additional implementation phases and schedules will follow until all agency-administered taxes are on the new system.

The new integrated tax system has a price tag of \$22 million, spread over a five-year implementation period, with an annual \$2 million maintenance cost after full implementation. Currently, the department’s maintenance and usage costs for its existing computer system total approximately \$2.9 million annually.

Track records of other states implementing the integrated software have shown that the system works to pay for itself through additional revenues from enhanced taxpayer compliance.

The department estimates that after full implementation of the new integrated system, the state will realize a total revenue benefit of some \$23 million annually, resulting from improved audit tracking and collection efforts, elimination of mainframe computer usage and programming costs, and reduced personnel and document storage costs.

ADOR’s current system is a mainframe-based system with integrated data, but lacks many integrated functions. In today’s ‘real-time’ processing, the current system is cumbersome to use, difficult to change, and expensive to maintain.

The new system will also enable the department to be more responsive to Alabama taxpayers in answering questions about their individual or business tax accounts. ADOR staff can access taxpayer account information immediately and obtain a comprehensive view of all the different tax types and activities associated with a particular taxpayer. The department's current automated system does not allow that capability.

ADOR Hosts MTC's Nexus Training School

MTC Instructor Sheldon Laskin, Washington, D.C., addresses the training class of state representatives.

Last September, the ADOR hosted the Multistate Tax Commission's Nexus Training School.

State auditors and state attorneys from Louisiana, Nebraska, South Carolina, and South Dakota traveled to Montgomery to attend the two-day program aimed at studying various state tax nexus issues.

The two-day program encompassed extensive program topics, ranging from constitutional nexus to statutory nexus issues, non-filer identification programs, and maximum utilization of nexus discovery resources.

As one of 45 states which comprise the Multistate Tax Commission,

Alabama works with other members to administer tax laws that apply to multistate and multinational enterprises.

New Directors Named for Motor Vehicle and Tax Policy and Research Divisions

The close of the 2005 fiscal year was followed by the announcement of two ADOR division directors.

Johnny Newman assumed the post of Motor Vehicle Division Director, effective Oct. 3, 2005, and Michael E. Mason was named director of the newly-formed Tax Policy and Research Division Nov. 12, 2005.

As director of the Motor Vehicle Division, Newman has the responsibility of overseeing the issuance of approximately 1.5 million certificates of titles and registration of over 4 million vehicles annually. The division is responsible for administering provisions of the International Registration Plan (IRP) and the International Fuel Tax Agreement (IFTA) as they relate to interstate motor carriers, as well as certain enforcement provisions of the state's mandatory liability insurance law involving private and commercial vehicles' registration status.

As director of the Tax Policy and Research Division, Mason serves as the department's centralized source for determining, coordinating, and communicating major Alabama tax issues under consideration by the ADOR with the tax professional community. In addition to tax policy issues, the division is also responsible for specific auditing functions related to various business tax areas, as well as the development and preparation of revenue-related legislation and associated economic impact analyses, statistical summaries, and

annual revenue estimates.

Both Newman and Mason are career Revenue employees. Newman, a 36-year career employee, began his tenure with the department as an administrative trainee assigned to the department's Motor Vehicle Division; Mason, a 31-year career employee, began work with the department in 1974 as a field examiner.

Alabama Estate Tax Phased Out Jan. 1, 2005

Federal legislation passed in 2001 authorizes the elimination of the federal estate and gift tax by 2009 and its reinstatement in 2011.

Alabama's filing requirement is based on the federal estate tax credit allowed under the federal estate tax law. As a result of the federal tax changes enacted in 2001, Alabama's federal estate tax credit has been reduced proportionately over a four-year period, with the final phase-out of the credit effective Jan. 1, 2005.

The end of September 2005 marked the final reporting date for any 2004 Alabama's estate tax liabilities with the exception of any filings resulting from extension requests.

Increased Online Service Options

ADOR Offers Electronic Extensions

During 2005, the department announced a new electronic offering to its suite of online services available to Alabama taxpayers—electronic filing extensions.

Automatic tax filing extensions are available by computer or through fil-

ing the paper Form 4868A. Taxpayers filing electronic extension requests will receive an automatic acknowledgment from the ADOR that their extension requests have been accepted.

The electronic filing extension system is also available to partnerships, as well as to estates and trusts. The electronic extension system also offers tax preparers the opportunity to file bulk extension requests on their clients' behalf.

The ADOR processes over 100,000 extension requests each year.

New E-filing Service for Alabama Motor Carriers

January 2005 marked the first time Alabama-based motor carriers could file their International Fuel Tax Agreement (IFTA) quarterly tax returns over the Internet.

The IFTA E-file service, developed by the ADOR in cooperation with the Federal Motor Carrier Safety Administration and the Alabama Trucking Association, is a free, secure tax-filing service available to Alabama-based motor carriers filing quarterly fuel tax returns.

The IFTA E-file service is available at no charge and will automatically perform all calculations needed to compute a carrier's fuel use tax liability or credit any IFTA-member jurisdiction through which the carrier's vehicle(s) traveled. To e-file their IFTA returns, taxpayers simply go to ADOR's Web site at www.revenue.alabama.gov and select E-Services and IFTA E-file. Prompts will then guide taxpayers through the filing process. Payment for e-filed returns will be made using a payment voucher that can be printed when the return is electronically filed. The IFTA E-file program also allows taxpayers to

print a copy of their electronically-filed return to retain for their personal records. But even more important for many taxpayers, the IFTA e-file program will provide them with an acknowledgement that their returns have been received by the ADOR for processing.

Approximately 4,500 Alabama-based motor carriers file IFTA returns on a quarterly basis. Quarterly returns are due Jan. 31, April 30, July 31, and October 31 each year for the preceding three-month period.

Electronic Payment Options Expanded

In March 2005, the department announced a new payment option available to taxpayers who find they owe additional taxes when completing their Alabama returns—the E-Check.

The E-Check option provides taxpayers with another convenient payment choice in addition to credit cards by allowing taxpayers to pay their state taxes electronically by authorizing an electronic funds withdrawal from their checking or savings accounts.

Electronic funds withdrawal is free, and the taxpayer decides when the tax payment is scheduled for withdrawal from his or her bank account. The E-Check payment option is available to both Alabama e-filers and paper-filers and provides taxpayers with the convenience of initiating their tax payments 24 hours a day, seven days a week.

Taxpayers may also pay individual income tax invoices and assessments using the E-Check option.

Official Payments Corporation is the state's service provider for the E-Check online service.

Customer Service

Taxpayer Service Centers Offer Alabama Motor Carriers New IRP/IFTA Payment Procedures

In April 2005, the department announced a new service available at its service centers located across the state. All ADOR Taxpayer Service Centers now have the online capability to access International Registration Plan (IRP) and International Fuel Tax Agreement (IFTA) records and post carriers' fee payments to the department's computerized payment system.

Once the payments are processed, the carriers may be issued temporary 60-day IRP vehicle registrations and temporary 30-day IFTA decals for their use until their new license plates and decals are mailed.

The new IRP and IFTA payment procedures in place at the department's Taxpayer Service Centers make it more convenient for carriers wishing to handle their payment transactions in person to transfer license plates from vehicle to vehicle, increase the registered weight of their vehicles, request additional IFTA decals, or add any new vehicles to a carrier's existing fleet of vehicles. Upon receiving notification of the billing invoice amount from the department's Motor Carrier Services Office, the carrier is welcomed to pay for this transaction at the nearest ADOR Taxpayer Service Center.

New Business Workshop Program

The Alabama Department of Revenue opened 2006 with the start of a new educational program designed exclusively for new business owners.

In January 2006, the department began hosting New Business Workshops

in various locations across the state to help new business owners understand their Alabama tax reporting and payment responsibilities.

The workshops are free and are presented by ADOR field audit personnel. Workshop topics cover a variety of state tax topics ranging from employer withholding taxes to state and local sales tax reporting requirements.

Tax Season After-Hours Telephone Assistance

To assist taxpayers with any questions they had during the tax-filing season, the Alabama Department of Revenue offered after-hours telephone assistance from 6 p.m. until 9 p.m. on Tuesdays and Thursdays and from 9 a.m. until 12 noon on Saturdays. Additional after-hours telephone assistance was available during the week of the April 15 filing deadline.

The department used cell phones, linked to a rotating call plan to forward the calls to after-hours volunteers. The response was well received by taxpayers, and the department reported no problems in getting volunteers for the after-hours program. The use of cell phones allowed employees to answer the after-hours assistance calls from their homes and did not require them to be in their offices.

Mission Statement

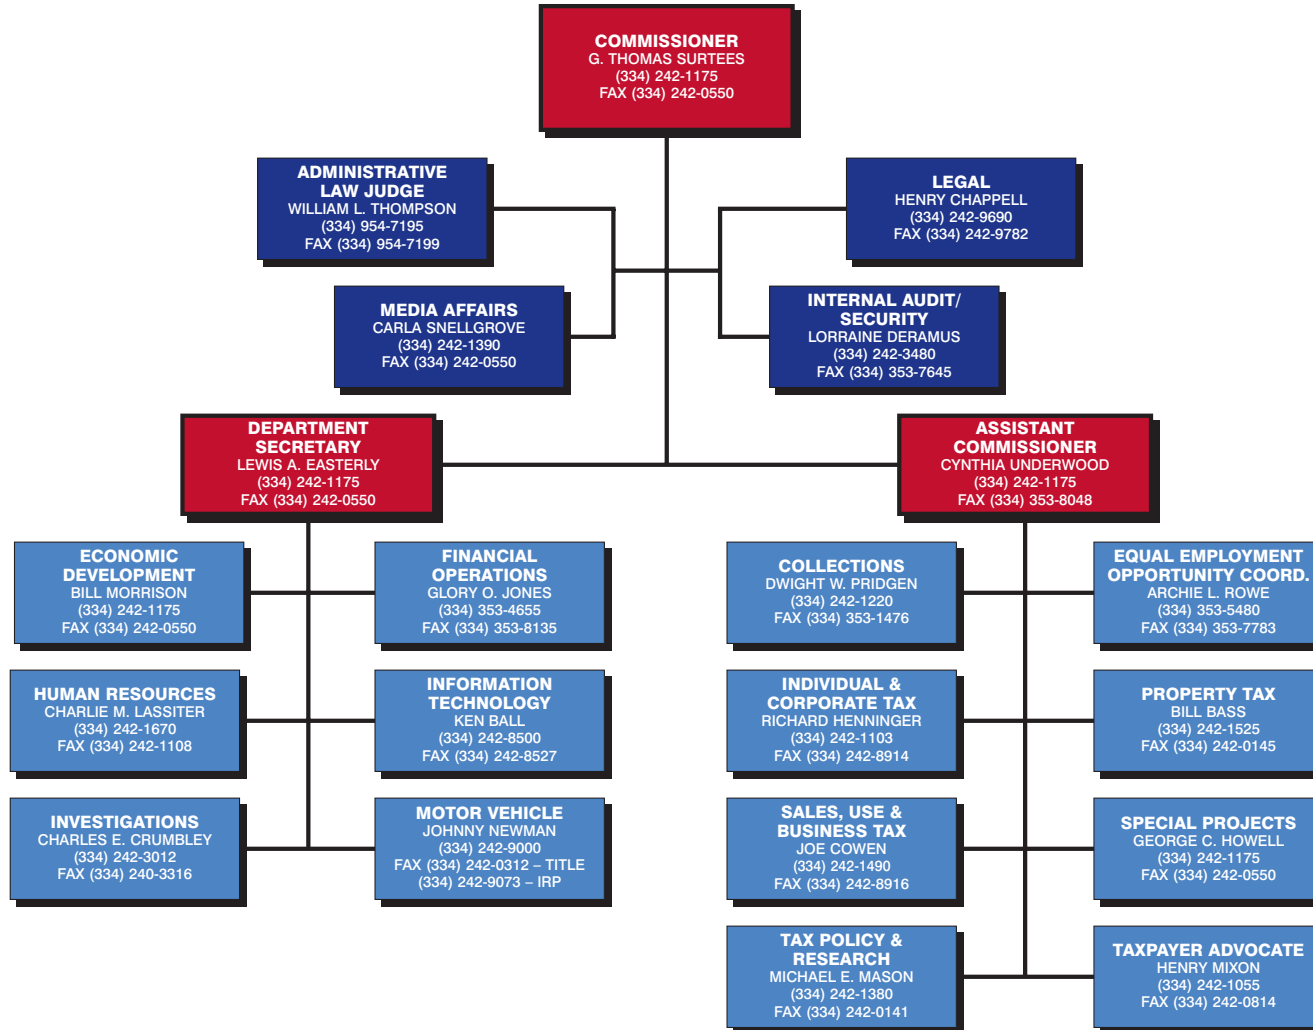

Our Mission

The Alabama Department of Revenue will efficiently and effectively administer the revenue laws in an equitable, courteous and professional manner to fund governmental services for the citizens of Alabama.

Organizational Chart

Alabama Department of Revenue

Organization

The following section contains an overview of the organizational structure of the Revenue Department covering the period Oct. 1, 2004, through Sept. 30, 2005. To accomplish its diverse administrative, collection, and enforcement responsibilities, the department is organized into 11 divisions, each of which is headed by a division director.

The Organization

The chief executive officer within the Revenue Department is the commissioner of revenue, who is appointed by the governor and serves at the pleasure of the governor. In addition to the administration, collection and enforcement of those taxes and fees which fall within the department's jurisdiction, the State Revenue Commissioner is also, by law, the *Ex-Officio* Land Commissioner. As *Ex-Officio* Land Commissioner, he or she must oversee the sales of all property acquired and sold by the state for delinquent property taxes. By law, the commissioner of revenue also serves on the State Records Commission, the Alabama Education Authority, the Alabama Public School Corporation, the Enterprise Zone Advisory Council, the State Industrial Development Authority, and the Alabama Commerce Commission.

The top senior management position within the Revenue Department is that of the assistant commissioner. Unlike the commissioner, the assistant commissioner is a merit system employee whose job classification provides for management continuity and stability for the department irrespective of changes in the state administration.

Working closely with the commissioner and assistant commissioner is the department secretary, who holds the second senior merit system manage-

ment position within the department. The department secretary is required to keep all records relating to departmental hearings, proceedings, and other related meetings as required by law. Additionally, the department secretary fulfills the very important role of disclosure officer for the department. As disclosure officer, the secretary has certain discretionary authority regarding the release or exchange of certain tax information between the department of revenue and other state, local, or federal taxing agencies.

Office of Tax Policy

Office of Taxpayer Advocacy

The Office of the Commissioner includes several offices or sections which implement department policy and complete various administrative functions. The functions of each are summarized below.

Disclosure Office...The Disclosure Office, headed by the department secretary, sets policy and procedures for the authorized disclosure of certain taxpayer information.

Office of Economic Development...The Office of Economic Development

serves in a dual capacity as an administrative office which coordinates all revenue tax incentive programs administered by the department and as a support office to other state and local agencies and entities involved around the state in industrial recruitment.

Equal Employment Opportunity Office (EEO)...Established in 1992, the department's EEO office is headed by a department EEO coordinator who works in conjunction with the divisional coordinators to ensure compliance with federal EEO laws and regulations. The office further provides for informal grievance reviews and job-related counseling, with the main objective being the resolution of employee conflicts before they reach the stage of a formal grievance complaint.

Financial Operations...The Financial Operations Office is responsible for the department's administrative fiscal, tax accounting, and document and data processing functions. Administrative fiscal functions include budgeting, purchasing, disbursements, property, and contracts. Tax accounting functions include electronic fund transfers, fund certification, fund balancing, and tax distributions. Document and data processing functions include entering tax administration data, distributing departmental mail, managing contracted processing functions, and maintaining departmental archives.

Internal Audit Section...The Internal Audit Section provides independent in-house audits and reviews on departmental operations to ensure compliance with law and departmental policy and procedures. The section is also responsible for internal physical and computer security functions.

Media Affairs Section...The Media Affairs Section serves as the public information office for the department. In addition to handling media

inquiries, the section writes and publishes various departmental newsletters and publications and completes other tasks assigned by the commissioner or his staff.

Office of Tax Policy...The Office of Tax Policy serves as the department's primary source for the determination, coordination and communication with the tax professional community regarding major tax policy issues under consideration by the revenue department. Revenue Rulings and Revenue Procedures are issued through the Office of Tax Policy. Since its creation in 1997, the office has expanded to include specific auditing functions related to the Revenue Tax Specialist employee classification. Revenue Tax Specialists assigned to the Office of Tax Policy are tasked with complex auditing responsibilities related to various tax areas including: transfer-pricing tax schemes; "anti-Geoffrey" provisions as they relate to intangibles between related parties; ADOR Commissioner's powers as defined in Section 482 of the *Internal Revenue Code* relating to the distribution and allocation of allowances between controlled entities; complex sales, use, rental, and utility tax matters; and matters involving apportionment provisions associated with the Multistate Tax Commission (MTC). (*Note: Effective Jan. 1, 2006, the Office of Tax Policy and the Research Division merged to form the Tax Policy and Research Division.*)

Office of Taxpayer Advocacy...The Office of Taxpayer Advocacy is comprised of the department's taxpayer assistance program which began in 1988 and was strengthened in 1992 under the Taxpayer Bill of Rights and Uniform Revenue Procedures Act. Its primary responsibility is to serve as the taxpayer's advocate in tax collection matters involving the department, as well as

serve as the department's primary source of taxpayer education *Code of Alabama*, Title 40 Section 2A formally establishes the post of Taxpayer Advocate within the Revenue Department. The law provides the taxpayer advocate with the authority to provide relief to taxpayers in matters where the taxpayer has been erroneously assessed a tax liability.

Divisions

Administrative Law Division

The Administrative Law Division conducts impartial hearings involving contested assessments, refunds, licensing issues, and other matters administered by the department. The hearings are conducted by an administrative law judge. The final decision of the administrative law judge may be appealed to circuit court by either the taxpayer or the department.

Collection Services Division

The Collection Services Division has the following responsibilities:

- Collection of final assessments for all tax divisions, excluding the Property Tax Division.
- Collection of jeopardy drug tax assessments.
- Collection of delinquent sales and withholding taxes and bad checks.
- Administration of the 100% penalty statutes.
- Initiation of civil and criminal legal actions against taxpayers as a result of noncompliance with Alabama's tax laws.

2005 Legislative Highlights

2005 Regular Session

The following synopses highlight significant revenue-related legislation passed during the 2005 Regular Session. **Convened Feb. 1, 2005; adjourned May 16, 2005.**

LOCAL LEGISLATION

2005-37 (HB147) Albertville Property Tax Increase

Authorizes the City of Albertville to increase the property tax rate on all taxable property within the city for public school purposes. The maximum rate is equal to \$1.35 on each \$100 (13.5 mills on each dollar) of assessed value. *Effective March 14, 2005.*

2005-105 (HB208) Constitutional Amendment; City of Prichard; Alabama Foreign Trade Investment Zone

A proposed amendment to the Constitution of Alabama of 1901, to authorize the governing body of the City of Prichard to establish an Alabama Foreign Trade Investment Zone as a special tax district for the purpose of importing duty free and quota free articles eligible under the United States General System of Preferences and the Africa Growth and Opportunities Act. It would also authorize the special tax district to specify that the value of land and improvements on the land within the district shall be assessed and taxed for ad valorem tax purposes by county tax officials under a single site valuation system; and to provide further for the contractual powers of nonprofit organizations. *Effective upon voter approval.*

Capital Credit Annual Report Summary

Submitted February 14, 2005

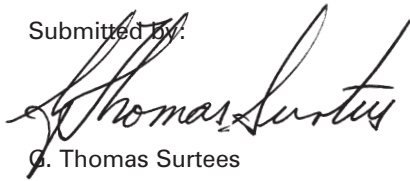

Annual Report of Qualifying Projects for Capital Credit

In accordance with Section 40-18-196, Code of Alabama 1975, this report shall serve as the report required to be issued annually to the Alabama Legislature and the public by the Alabama Department of Revenue, before the fifth Legislative day of each regular session, as to the qualifying projects with respect to which capital credits are claimed during the year.

The Department of Revenue has approved a total of 665 notices of intent to invest in capital credit projects with 75,580 jobs estimated, with a total of \$15,221,202,438 in estimated capital costs. Of the 665 projects approved, 267 projects have filed reports of being placed in service with a total of \$8,711,493,377 in actual investment costs and at least 32,032 actual jobs created. Currently, the department is holding several additional applications for the capital credit pending receipt of requested additional information.

Since enactment, approximately \$128,110,018 in capital credits has been claimed against the income tax liability of projects that have been placed in service. Based on totals for all years, the average credit taken per job created is \$3,999.

Financial Institutions Excise Tax

Alabama's Financial Institutions Excise Tax (FIET) is a type of income tax paid by banks, banking associations, building and loan associations, trust companies, credit card companies, and similar banking industries conducting business in Alabama. Multistate institutions operating in Alabama allocate and apportion income to Alabama.

The tax is paid by April 15 each year for the previous tax year. The rate is 6.5 percent of the total taxable net income reported by the institution on its annual return. September 1 marks the annual distribution date of Alabama's Financial Institutions Excise Tax.

The State General Fund and Alabama cities and counties where the institutions are located receive a proportionate share of the collections. The distribution formula for the FIET is based upon the following percentages of net collections: State General Fund, 25 percent; Alabama cities of origin, 50 percent; and Alabama counties of origin, 25 percent.

The table below details net distribution totals for fiscal years 2002-2005.

Distribution of TVA In-Lieu-of-Taxes Payment

Oct. 1, 2004, through Sept. 30, 2005

The Tennessee Valley Authority (TVA) is a federal agency which makes in-lieu-of-taxes payments to the states in which its power properties and operations are located. The TVA pays 5% of its gross revenues from the sale of power in the preceding fiscal year to the states in which TVA carries on power operations and in which TVA has acquired properties previously subject to state and local taxation. Revenue from power sold to federal agencies is excluded from taxation. The formula used to determine each state's share is detailed as follows:

One-half of the annual payment divided proportionately among the states according to the value of the TVA's power property within each state, and the remaining half divided proportionately on the basis of the TVA's power revenues from each state to the TVA's total power revenues. The annual payment from TVA is distributed as follows: State General Fund, 20%; counties and municipalities served by TVA, 75%; and dry counties and municipalities not served by TVA, 5%.

Summary of Excess Sales and Use Tax Discount Revenue

Distribution of Excess Sales and Use Tax Revenue

Sales Tax Timely-filing Vendor Discount Cap Lowered

Before June 1996, state law allowed an Alabama retailer to retain up to five percent of the first \$100 collected in Alabama sales tax, and up to two percent of all tax collection amounts beyond that if monthly sales tax returns were timely filed.

Executive Order 19, issued by Gov. Fob James Jr., set a maximum timely-filing cap on the discount at \$900 per month, effective June 1, 1996, for all state and state-administered county and municipal sales tax returns.

Executive Order 53, issued by Gov. Don Siegelman, lowered the maximum cap to \$400 per month, effective May 1, 2001.

Only one discount per license holder is authorized, regardless of the number of retail locations within the state, according to provisions contained in Act 96-785.

Additional sales tax revenues generated by imposing the cap are distributed to the Department of Conservation and Natural Resources for various outlay purposes and to the Foster Children Program through Sept. 30, 2002. Effective Oct. 1, 2002, the Department of Conservation and Natural Resources receives \$5 million annually and the balance of the funds accrues to the State General Fund.

Use Tax Timely-filing Vendor Discount Eliminated

Before June 1, 2001, state law allowed out-of-state sellers to retain up to three percent of the state use tax collection amounts if monthly use tax returns were timely filed.

Executive Order 54, issued May 25, 2001, by Gov. Don Siegelman, disallowed the monthly discount on state and state-administered county and municipal sellers' use taxes collected by the license holder on or after June 1, 2001.

Act 2001-669 provides that excess use tax revenues generated by eliminating the timely-filing discount are to be distributed to the Department of Conservation and Natural Resources during the period June 1, 2001, through Sept. 30, 2002. Effective Oct. 1,

2002, the lesser of \$500,000 or the entire amount is distributed to the Department of Human Resources; any balance of funds is distributed to the Department of Conservation and Natural Resources.

The elimination of the timely-filing use tax discount and the reduction in the sales tax timely-filing discount do not affect the rate or amount of use or sales taxes paid by Alabama customers.

The following table details a summary of the excess sales and use tax revenue reported to the state comptroller's office during Oct. 1, 2004, through Sept. 30, 2005.
